

## Removing Stains from Natural and Concrete Stone

The listed dirt and blemishes can be removed with the LITHOFIN-Products named in this table. Most stains can be removed completely, in some cases traces may remain even after repeated use.

**Key:**  recommended product  alternative product  use if recommended product is not sufficient

\* 1) do not use on polished or honed marble, limestone or concrete stone.

\* 2) assist mechanically with a white nylon pad or brush
